Forecast for Saturday 11 Feb 2023

Weather: A few passing light showers possible throughout the day, these chiefly along western coastal ranges. Otherwise a lot of dry but cloudy weather expected, best of any brighter spells in the east.

Chance of cloud-free hill tops above 800m: 50%

Low cloud and visibility: Widespread low cloud down to 300 metres during the early hours, this thinning by dawn. The rest of the day will see areas of cloud down to 500 to 800 metres coming and going, this likely to be most persistent across Wester Ross.
